This summer, our learners will take on the role of park rangers! Join us on our journey through the US National Park System and learn about the flora and fauna of our 50 states.

Every week, we will journey through the different national parks in each region of the US. Starting in the south east, we'll travel through the south west, north west, Hawaii, Alaska, and end in our home, the north east. We'll look at the flora, fauna, and history of national parks like Yellowstone, Acadia, Shenandoah, and many more.

Our campers will learn from a number of literary sources like...

- *National Parks A to Z* by Gus D'Angelo
- *Over and Under the Canyon* by Kate Messner
- *National Parks of the USA* by Kate Siber

and many more!

We will also have a number of hands on experiences, like art and science projects, opportunities for our learners to hone their observation skills, and a chance to earn an official junior ranger badge from the National Park Service!

In addition to exploring national parks, we will also be exploring Philadelphia and all it has to offer.

We'll take weekly trips to places like...

- The Franklin Institute
- The Academy of Natural Sciences
- Sister Cities

and have daily walks to one of the many green spaces near Clementine's campus.

Each week, we'll have visits from Philly-based friends who will teach our campers a number of valuable skills, from movement to art to animal care!

These friends include

- Quiver Farms, who will bring us duck eggs to hatch and care for in the classroom
- The Clay Studio, who will teach us how to make functional ceramic pieces
- and Insectropolis, a bug zoo that will show and teach us about a number of crawly creatures

and many more!

We will also return to Fitness Alive for weekly swim lessons!

Aside from exciting trips and visitors, our own classroom space will be transformed into a hub for continuing Montessori educational goals, all with the playful, fun atmosphere of summer camp!

We will also be featuring an outdoor classroom area that our campers will have access to every day.
